Introducing PLUS
by **Pentel**

With a dominant position in its home market of Japan, and more than 65 years' experience in the development and supply of innovative products, PLUS Corporation is an energetic organisation with a commitment to quality and customer satisfaction.

The PLUS vision extends beyond manufacturing. The company strives to create products that will make daily life a little more comfortable for users of PLUS products at home, in the workplace or at school. The mission of PLUS is to deliver satisfaction to customers through its values, creating new opportunities and inspiring new ideas for everyone.

The PLUS motto 'Be unique' informs all new product development. When using a product from PLUS these unique qualities can be lived and experienced. This uniqueness embraces features such as unparalleled quality and premium design, as well as innovative and colourful solutions for everyday tasks and special projects. These features have already convinced millions of people all over the world to use PLUS products for work, study, leisure activities and hobbies.

Now, Pentel (Stationery) Ltd. is delighted to offer a fantastic selection of products from PLUS Corporation, our parent company, to enable consumers in the UK to experience the quality, practicality and desirability of PLUS products.

FITCUT CURVE

Blunt, safety-tip blades

NEWLY DESIGNED CURVED BLADES

The specially curved blades maintain the optimum approx. 30 degrees blade-to-blade angle to cut objects effortlessly from the root to the tip of the blade.

- •**Blades with sharp finish**
- •**Smooth and durable pivot ring**
- •**High comfort and efficiency**

POCKET SCISSORS

1 **Non-Stick**

The fluorine coating resists the adhesion of tape and glue.

2 **Convenient and various usage possibilities**

Thanks to the slim pen-shape, these compact scissors fit in bags or pockets and are convenient in many situations.
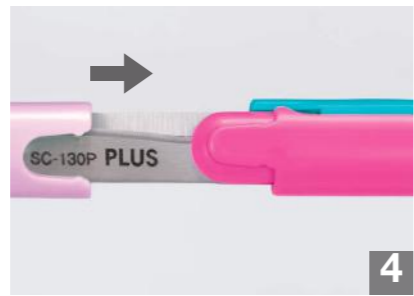

3 **Curved blades**

Curved blades provide the best blade angle to grasp the object to be cut. Light and smooth sharpness from base to the edge of the blades.

4 **Distinctive secure locking mechanism**

Take off the cap and slide the handle to unlock the blades. Even when handle is left unlocked, it will lock automatically when the cap pushes in the handle.

CORRECTION TAPE MR

1 **Correction tape in pen-style**

2 **One-touch open/close cap**

3 **Mini Roller Head**

The mini roller head allows a much lighter and smoother application. The tape is firmly transferred to the surface, without peeling off or breaking at the edges.

4 **2-Way corrections**

Correct the exact spot you want to correct with a neat finish.

5 **Eco-friendly**

Refill cartridges are easily replaced, resulting in less plastic disposal.

CORRECTION TAPE CR CANDY JAR

The CR correction tape is the best option for quality and value, with 12 metres of tape. Practical and efficient for every purpose and situation.

The Candy Jar is a convenient, fun and appealing way to present the CR correction tape, containing 50 pieces across 5 different pastel colours.

Proprietary technology enables the mini-roller head to rotate the roller at the tip of the applicator making it extremely smooth to apply.

The flexible head ensures firm tape adherence to surfaces, resulting in a neat and precise correction experience.

The 2-way correction ensures precise and neat corrections in the desired spot. Pull the correction tape to cover a complete sentence. Turn the correction tape and push to correct one letter.

The head is shielded by a cap, to protect the tape.

MINI STAPLER ST-010V

1 **Easy-to-carry compact size**

2 **Power assist mechanism**

Using the principle of the fulcrum, we have increased the stapling power by 50%.

3 **Top loading mechanism**

Refilling staples is quick and easy. With our one-touch staple loading, just open the handle and put in the staples. The staple-saving feature ensures that the first staple is not wasted.
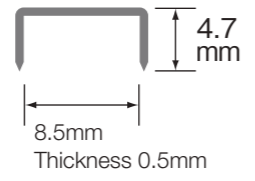

4 **Flat clinch**

Flat clinch ensures 30% less volume of stapled documents compared to conventional staplers. This saves space and looks more tidy.

Supplied with a pack of 300 No. 10 staples.

CAMOUFLAGE ROLLER STAMP

Handy protection for your personal data

Specially designed stamping pattern covers printed information.
•May not conceal all data completely, depending on the type of paper or print.

Oil-based pigment ink

Water-resistant, lightfast, and oil-based pigment ink with excellent concealing performance.
•Ink colour available in black only.

No ink pad needed

Repeated stamping possible without an ink pad.

Perfect for:

Just the right size for names and addresses on postcards or envelopes. Even for mailing tubes. For covering addresses and other personal data on delivery slips attached to packing boxes.

1 Easy usage:

1. Press button to open stamping surface.
2. Roll on data to conceal.
3. Press button again to close stamping surface.

2 The roller-type stamp permits any length of masking

High-capacity, long-lasting coverage. The unique roller stamping surface covers an ample total length of 50m.

3 Locking button for cartridge replacement

4 Ink cartridge replacement

Open the case, remove the used cartridge and drop in the replacement.
